Compassionate Inverclyde Evaluation

Anne Hendry
Clinical Lead for Integrated Care
Senior Associate, IFIC
IFIC is a non-profit members’ network that crosses organisational and professional boundaries to bring people together to advance the science, knowledge and adoption of integrated care policy and practice.

The Foundation seeks to achieve this through the development and exchange of ideas among academics, researchers, managers, clinicians, policy makers and users and carers of services throughout the World.

- Madeleine O’Brien
- Mandy Andrew and Marie Curran
- Advisory Board critical friends
- Compassionate Inverclyde Board and volunteers
Evaluation Questions

• What is Compassionate Inverclyde? (And what is it not?)
• How have its aims and aspirations expanded?
• How has it grown over time and what has enabled this growth?
• What’s it like to be part of Compassionate Inverclyde?
• What is Compassionate Inverclyde known for doing well?
• What difference is it making?
• What challenges have been faced or overcome and how?
• What can others interested in adopting this type of approach learn?
April - September 2018

- observing and taking part in meetings and activities, analysing documentation and conducting in-depth 1:1 interviews
- 143 points of contact with over 100 people involved in different ways: volunteers, nurses and hospital staff, teachers and pupils, friendship hub attendees, local businesses, local newspaper reporter and Board members

Through doing the evaluation over time we came to appreciate:
- There was “something special” going on
- The significant contributions of the many individuals involved
- The development of inter-personal relationships, friendships, networks of support, interconnections and the social functioning of the community.
- The need to look more closely at these contributions and relationships
Trees Metaphor

- The organic nature of Compassionate Inverclyde’s growth
- Understanding, adapting and responding to local conditions
- Many different branches
- Allowing time to mature, before fruits can be harvested
- Generations working together
- Extensive roots and interdependencies
- Essential nutrients
A movement for change

KEY:
- **K**: Kindness
- **H**: Helpfulness
- **N**: Neighbourliness

Timeline

Milestones

2008
- Alston becomes Professor Kelleher talk in Scotland about 'compassionate communities'
- Launch of project encouraging children to think about caring

2012
- Antigowen Hospital: Conference 'Creating Compassionate Communities for Decades'

2016
- Funding provided by Antigowen Hospital for a fixed term secondment
- Alston established at CI level in January
- Engagement with local groups through 'Your Voice' from January
- Setting up the Compassionate Clyde Board in May
- Florence Nightingale scholarship for Alston to visit and learn from other projects
- A base of friends festival in November

2017
- National training group started January; first companion provides support in December
- High Pfix wellbeing programme starts in West College in January
- Official launch of CI in March
- Workshops for schools on wellbeing starts in April
- Plan to establish mentorship circles in each community centre starts in May
- Plan to engage with churches for end of life groups/Black History Month (BHM) starts in May
- Compassionate Organisations starts in August 2017
- Promoting Compassionate Citizenship focus on setting up BHM in March
- DHS distribution starts in November

2018
- Second wave of work with schools starts in March – focus on High Five
- Work in Greenock prison starts in August
- First NODA companion in care home
- Black History Month (BHM) starts in December
- Celebration event and launch of evaluation report Dec 6
## Growth and Reach

The Stories

Touching Lives

I wanted to send you a quick email to express my gratitude for the Back Home Box and the kindness of it. I will explain how much it meant.

My brother was recently in Inverclyde Royal Hospital, very unexpectedly – he had collapsed which is frightening enough for anybody but even more so for him. He has had lifelong severe mental health problems and has had struggles with that over the years. He wasn’t in that long but got a box given to him on discharge. I can’t tell you how much it meant to him. If you had seen and heard his reaction to it, you would have been so moved and would have known that what you are doing is amazing.

He leads a very isolated life and has very little contact with anybody, when I went round to visit him he had a beautiful homemade card in pride of place on his unit, what a fabulous idea and also for the children who make them to give too

and understand about giving. He was so chuffed with it and he told me he’d even got jam and milk too and listed out the box items. It felt like a Christmas hamper! It’s not even totally what is in the box but the very idea that somebody can be so kind to a stranger means the world and in a time of need such a tonic as well as being so useful as he hadn’t been able to get the shops.

I will be donating items into the collection boxes you have and hope that it means as much to whoever gets them as it did to both my brother and me. I confess I even felt a bit tearful about it, in a good way! He gave me the heart to hang on my twig tree! So a huge thank you to you and everybody involved and the little girl from a school in Largs who made a beautiful get well card.

You are all stars.

The above feedback demonstrates how one box touches many lives. The report highlights many similar stories.
A huge thank you to Doris who does all my admin support as a loyal volunteer another member of our Compassionate Inverclyde Kindness Army xx

My sincere thanks xx

Sometimes Port Glasgow just amazes me!

We are a collecting point for the group Compassionate Inverclyde. It's not a problem for us - people hand stuff in, we stick it in our storeroom and a few days later someone from the group will come and pick it up - easy!

The group do a great job for our community.

But let me say something about the people who hand the stuff in. As is so often the case it is the people who have the least who give the most. They donate without ceremony or praise. Their eyes are open to the circumstances around them and they do what they can. They share what little they have.

The ordinary people of Port Glasgow have always this incredible ability to make you feel very humble - very humble and very proud!

Thanks.
Theory of Change – Relationships and Assets Based Community Development

Recognising the importance of and connections between individual, relational and community wellbeing

Positive Relationships
Allow people to feel supported, develop new skills and face new situations

Social Participation
Offers people a sense of purpose and shared identity

Community Cohesion and Connection
Ties within and across communities enable people to feel included and valued

Shared Ownership and Pride
A sense of collective voice and pride enables people to influence positive change
## Compassionate Inverclyde Outcomes

<table>
<thead>
<tr>
<th>Community Wellbeing</th>
<th>Relational Wellbeing</th>
<th>Personal Wellbeing</th>
</tr>
</thead>
<tbody>
<tr>
<td>Community voice and identity - strong identification with “Compassionate Inverclyde”</td>
<td>Affirming and enduring friendships</td>
<td>Increased / recovered self-confidence</td>
</tr>
<tr>
<td>Community capability awareness</td>
<td>Mutual nurturance and affection</td>
<td>Improved self-esteem</td>
</tr>
<tr>
<td>Community resilience</td>
<td>Norms of mutual support, caring and affection</td>
<td>Self-respect</td>
</tr>

- Employability and meaningful activity
- Recovery and support to live independently
- Early intervention, prevention and reablement
- Support for families
- Inclusion and empowerment
Key influencers of eventual social value are:

- Audacity – envisioning big and bold solutions
- Connectivity – deeply engaging with the community being served
- Capacity – using data to understand and improve
- Ingenuity – disrupting entrenched approaches
- Tenacity – leveraging the time, relationships, resources to persevere
- Diversity – generating revenue and support from multiple sources.

We are a society that treats all our people with kindness, dignity and compassion, respects the rule of law, and operates in an open and transparent way.
From Rational to Relational Public Policy

Kindness, emotions and human relationships:

Figure 1: The Two Lexicons of Public Policy

- The Rational Lexicon
  - Balanced
  - Fair
  - Safe
  - Transparent
  - Scrutiny
  - Value for money
  - Boundaries
  - Targets
  - Evidence
  - Data
  - Accountability
  - Arid and sterile
  - Gaming targets
  - Declining trust
  - Detachment
  - Systems and processes
  - Professional codes

- The Relational Lexicon
  - Connection
  - Individual
  - Hope
  - Personal change
  - Wellbeing
  - Desire
  - Friendship
  - Spontaneity
  - Discretion
  - Intuition
  - Warmth
  - Story telling
  - Metaphor
  - Populist responses
  - Difficulty in explaining
  - Favouritism
  - Relationships
  - Trust
  - Challenge

Reflections on Leadership

Addressing the Blind Spot of Our Time - An executive summary of Theory U: Leading from the Future as It Emerges
Design Principles I

• Start with **community conversations about what matters** most to local people
• Invest in development support from a **trusted, compassionate, authentic and humble leader**
• Develop collaborative leadership at all levels around a **shared purpose and intrinsic values**
• Anchor the movement with a **local community organisation that has a trusted brand**
• Establish a **courageous guiding coalition that gives permission** to act, purposefully avoids unnecessary bureaucracy and enables risk taking
• Connect as ordinary people, find creative ways to **make it easy for local people to volunteer** and for everyone to be kind, helpful and to have a can do attitude
Design Principles 2

• **Value and empower all contributors** and ensure they have a strong and equal voice

• **Nurture community volunteers** through peer support, reflective practice and wholehearted facilitation

• **Use the power of social media** as a practical communication and self-organising tool

• Continue to pay attention to what matters to people and **share stories that touch hearts and inspire people to be kind**

• **Plan for a sustainable model of leadership and governance** that can exploit synergies with other developments and minimises unintended consequences

• **Stay curious and keep learning from other compassionate communities**
